

Are You Unemployed?
Do You Know Someone Who Is?
**Are You Looking for a
New Career in Healthcare?**

“Workers trained in implementation and maintenance of Electronic Health Records will be in demand as most healthcare providers convert to an electronic system of record keeping.”

Lake-Sumter Community College’s Leesburg Campus is now screening qualified applicants for a **FREE** 12-week program to train people to become

Electronic Health Record Support Technicians

- Qualified applicants must meet Workforce Central Florida eligibility.
 - Consideration will be given for applicants with any level of healthcare training or experience.

Applications will be accepted through October 30, 2009, 5 p.m.

The course runs from early January 2010 through mid-April 2010.

These are full-time classes that meet Mondays through Fridays, from 8 a.m. until 4:30 p.m.

Application forms are available at LSCC’s Leesburg, South Lake and Sumter campuses and on page 2 and 3 of this flyer.

Interactive application forms are available at: <http://www.lsc.edu/him/application.pdf>
