- Students may enroll in college for "audit" status if they do not wish to receive college credit. Audit students must register via LSCC's web registration system-LOIS.

1. Students must register as normal on LOIS during the regularly scheduled registration period.
2. Students should then submit this audit form prior to the end of add/drop in order to be changed to audit status. No changes will be permitted after the add/drop period ends.
3. As an audit student you must meet the admission requirements of the college, as well as any prerequisite requirements designated for the course.
4. Your fees and tuition are the same as for credit.
5. Student attendance and involvement in the course activities is designated by the course instructor.

I know that advisors are here to assist me in every way possible; however, the ultimate responsibility for my class schedule and meeting course, grade, CLAST, and graduation deadline requirements are mine. I have read the catalog and have met the prerequisites for the course(s) listed below.
