Fire Science Articulation

Lake Technical Center Institute of Public Safety
and
Lake-Sumter Community College

The School Board of Lake County and Lake-Sumter Community College agree to cooperate in the establishment, maintenance, and implementation of a discipline specific agreement for Firefighting and Fire Science Technology.

Articulated Components of this Agreement

Lake-Sumter Community College will award up to six (6) college credit hours for successful completion of Firefighting minimum standards (450 contact hours) and up to twenty-four (24) college credit hours for successful completion of Fire Science courses (FFP course prefix) as identified by both parties in a letter of agreement. These credits will be applied towards an Associate in Applied Science degree program in Fire Science Technology at LSCC.

Provisions of this Agreement

To receive college credit in the AAS degree program in Fire Science Technology, students must successfully complete 6 credit hours at LSCC and submit to the LSCC Admissions Office for approval a completed Articulated Credit Transfer form accompanied by certified copies of the Lake Technical Center Certificate of Completion for Firefighting courses.

This agreement shall be subject to annual review and renewal by Lake-Sumter Community College and the School Board of Lake County. Any modifications, additions, or deletions to this agreement must be in writing and signed by the signatories of this document or their successors.
