

## *Scott Pennington's Favorite Books*

Scott is an Academic Advisor at Leesburg campus. His office is in the Student Services Bldg.

About reading, Scott says, "I love to read! You will always find me reading one to two books at the same time. I especially love biographies and history and was lucky to have really wonderful instructors who made books such as *The Illiad* come alive. These wonderful books left me with the craving to learn and read more! I highly recommend each one of these titles and hope you will enjoy them as much as I did."
