

SACS LEADERSHIP TEAM MEETING
Wednesday, September 23, 2009
3:00 p.m.

Present: Dr. Mojock, Ms. English, Dr. Howard, Dr. Meyer, J. Pierce and Mr. Scott

Dr. Mojock welcomed everyone and asked if the minutes could be approved as submitted. There were no changes.

Dr. Mojock asked about getting into Compliance Assist and Ms. English gave an overview of where it was located on the Home Page. There were also questions about bookmarks and Ms. English will check into this. The links are not yet made but Ms. English stated that the links would be added when the Compliance documents have been reviewed and are in final draft form.

There was additional discussion about Dr. Stoll's visit, specifically the catalog issue in that we are referencing the 09 – 10 catalog and the faculty roster.

Ms. English has 32 drafts in Compliance Assist. She and Barbara Perry are working to get everything in and are looking for consistency. Her committee will meet soon and they will begin the first meeting with the draft of the style sheet. There will be six sets of eyes looking at each document.

Compliance Certifications

Dr. Meyer noted that the recommended revisions to CR 2.7.2, which was accepted at the last meeting, were made and the revision was emailed to the committee as an FYI.

3.2.13 Dr. Mojock asked that an example be added on how the Foundation helped with funding during the state short fall. There was discussion about liability and how the College provides space for the Foundation.

Linda Holiman/Dr. Meyer
